OUR VISION FOR THE COMMUNITY

Create Smart Space
to maximise the
existing centre

A gym facility for
members to use
and stay fit

A games area for youth
to play and build long
term relationships

(SOUL | MIND | BODY) A HOLISTIC COMMUNITY

IMAMBARGAH EXTENTIONS

An overflow facility during busy periods

Money is spent on Marquees every time almost twice a year costing thousands of pounds each time

No more noise pollution in the main hall

Congestion will be moved away from the main Imambargah entrances

An area for members to socialise outside of the main hall and get served with tea & tabarrok

Currently members have to stand outside mostly in the cold to socialise

An open space desk area for the Management Committee (MC)

The current desk area of the MC is not practical, small and inconvenient

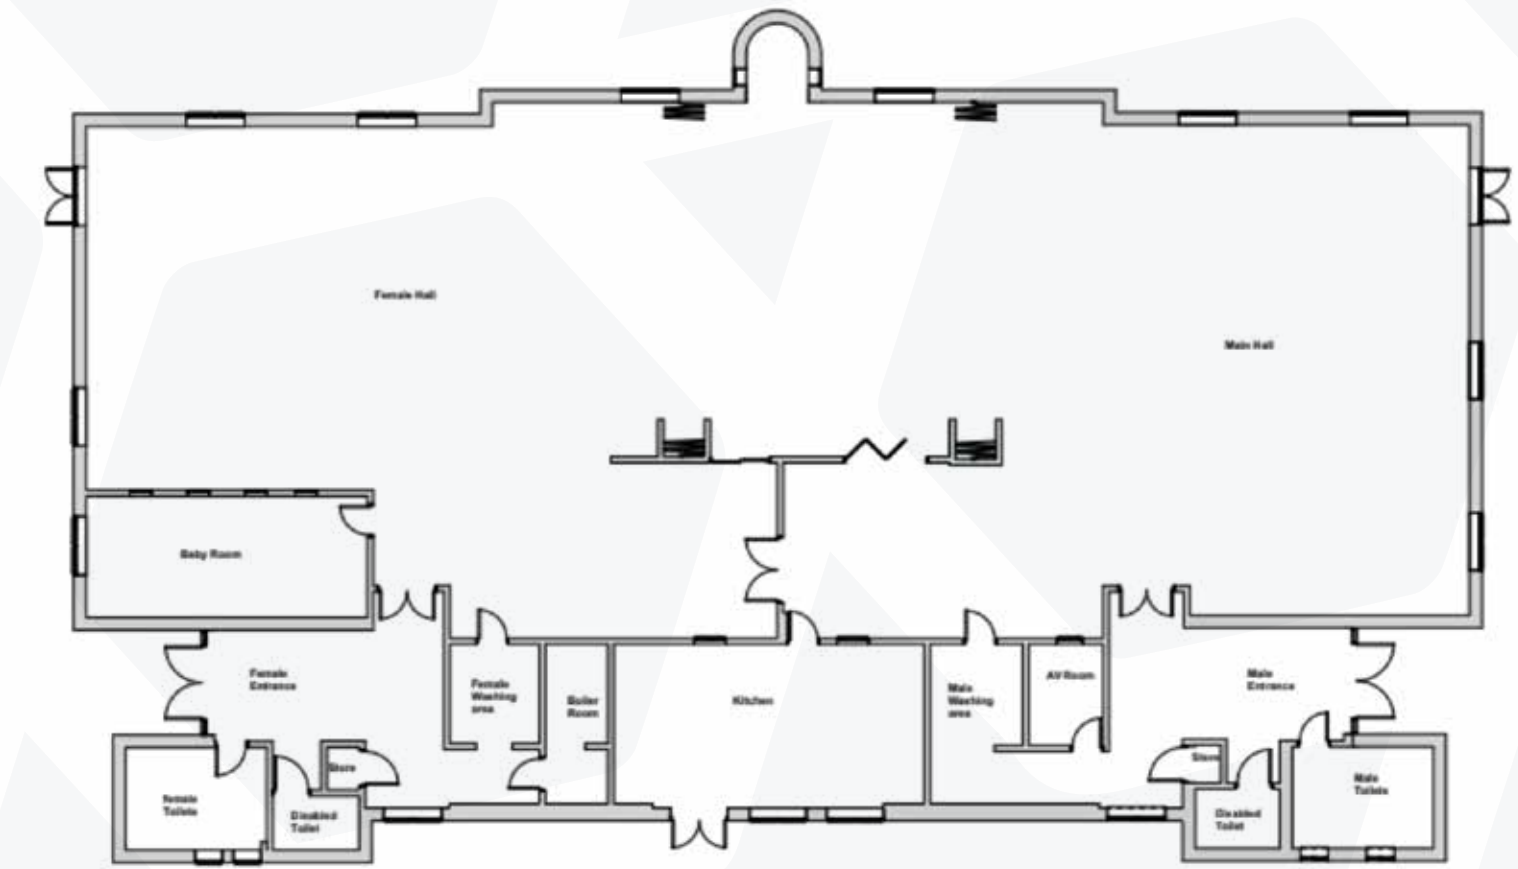

Toilet area further away from the main hall and prayer room

The current toilets are located opposite the main hall entrance causing risk of najaasat and concern of taharat

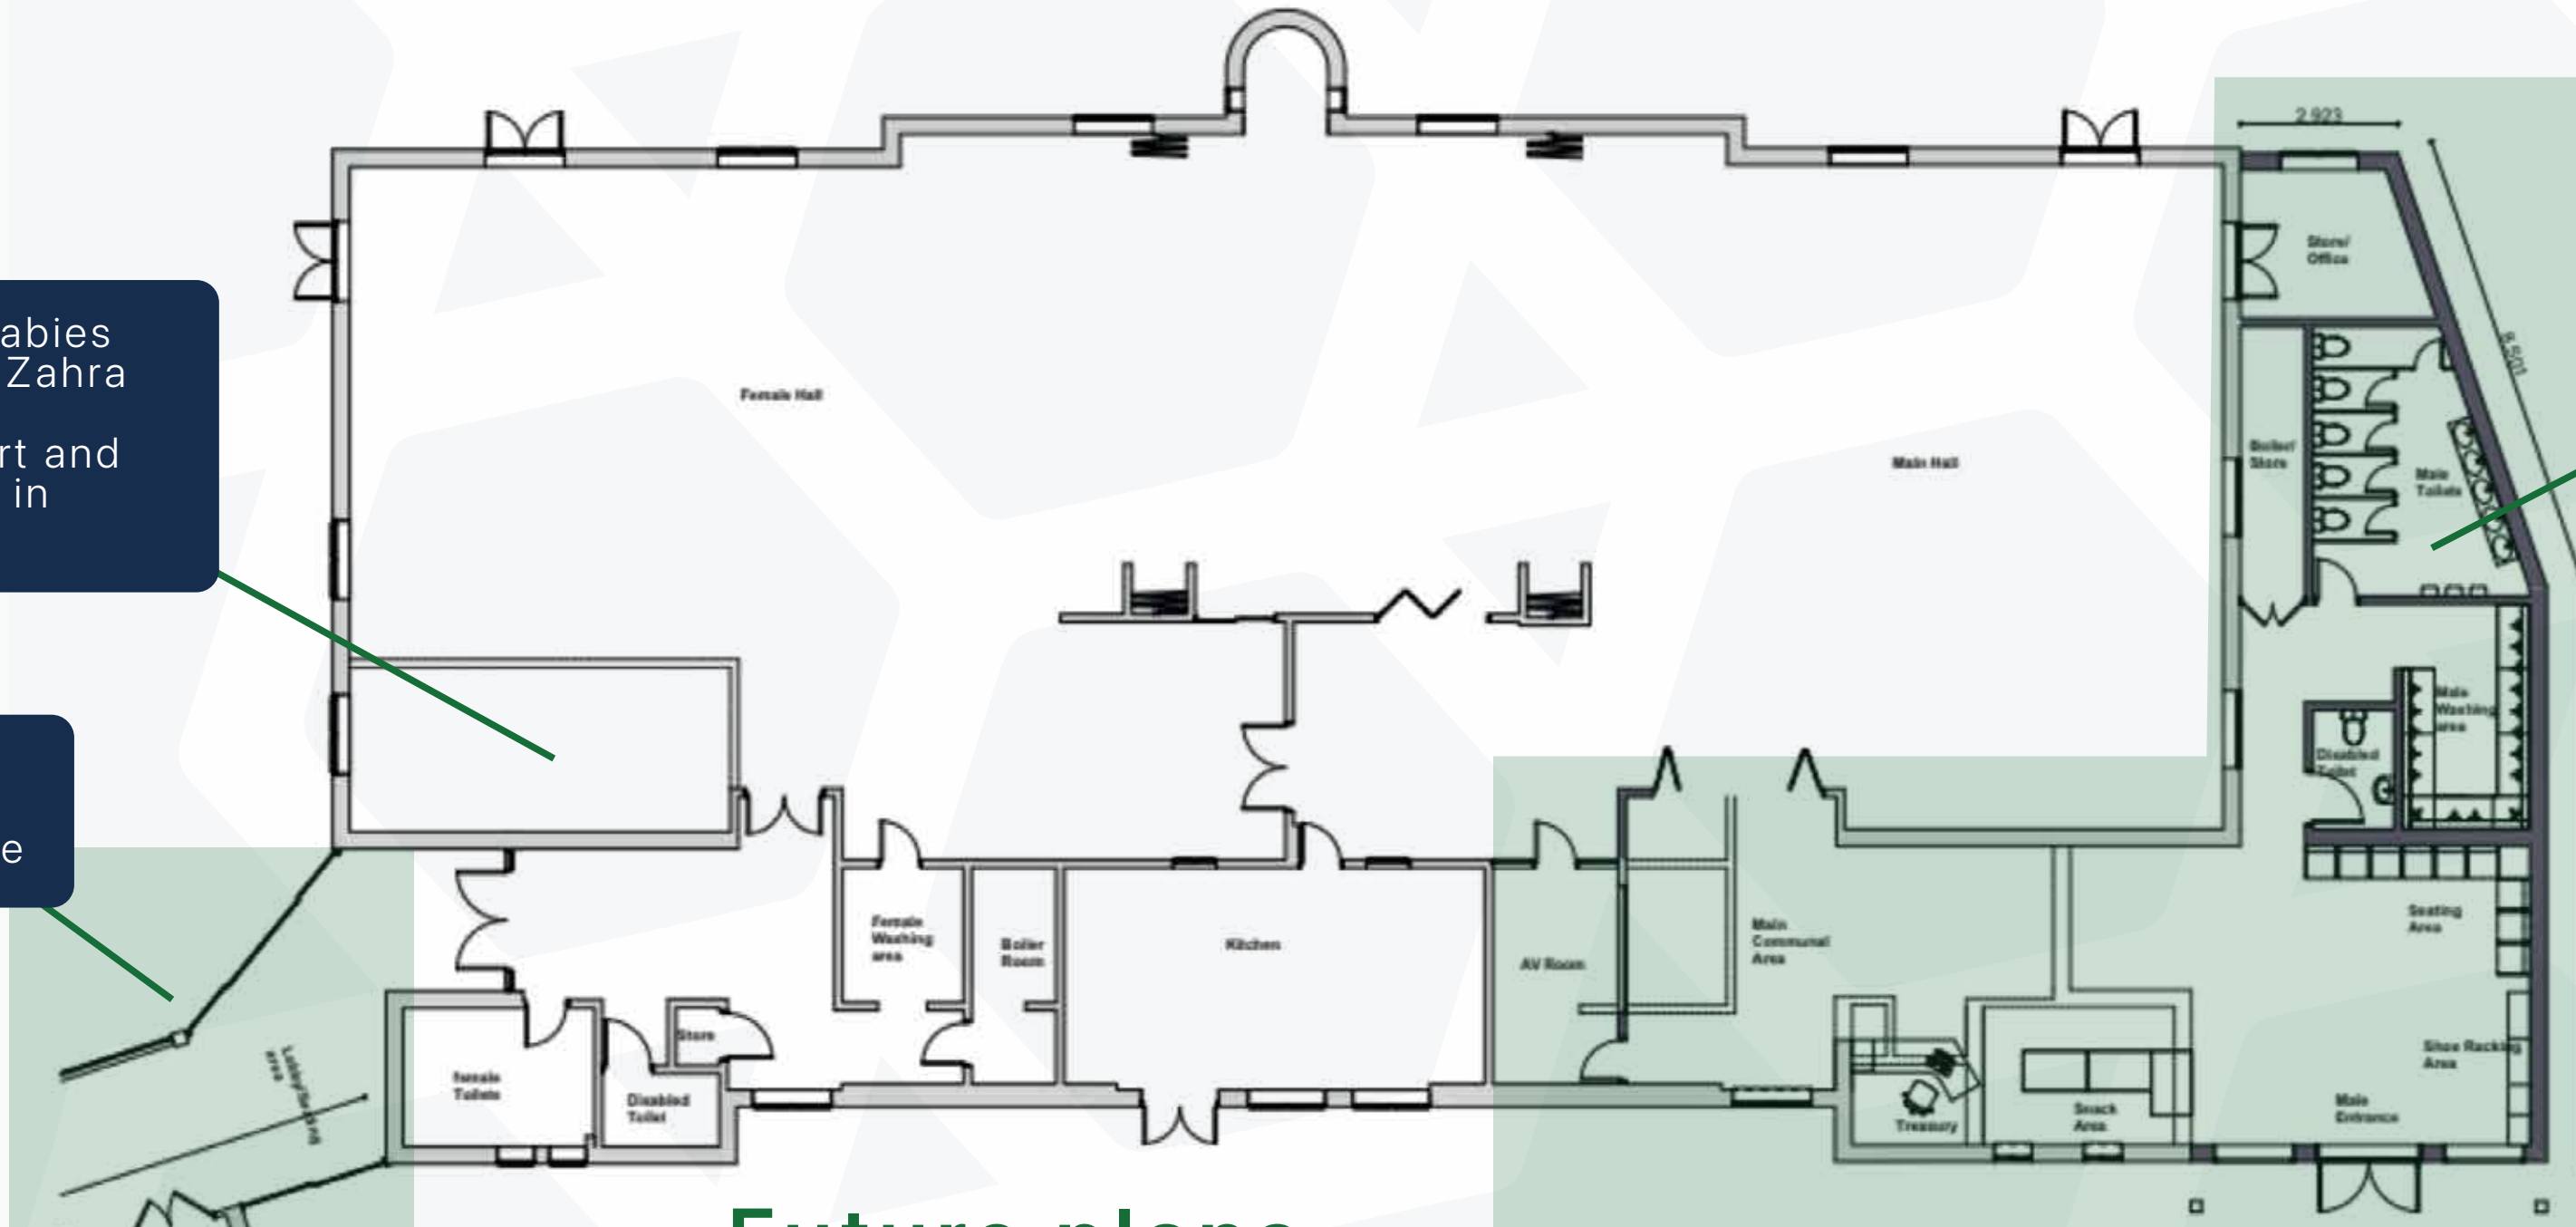

A newer and bigger Audio Video (AV) Room

The current AV room is tiny, congested and aging
